Top 5 Worst Summers

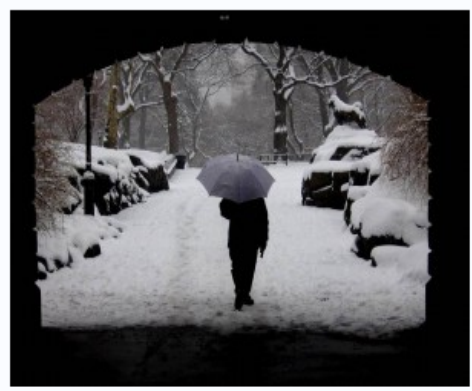

Posted on September 23rd, 2010 by Dan Wilson | Filed under [In the News](#) | [No Comments](#) »

Seems like most of the nation has experienced an abnormal summer. Here in Charlottesville, it was a hot, but dry, so thunderstorms were rare. Our main event was the microburst in June that caused a lot of destruction around town and resulted our library being closed for a day-and-a-half. The Weather Channel compiled a list of the cities that endured the worst summer. Click on this link, http://www.weather.com/outlook/weather-news/news/articles/top-five-worst-summers_2010-09-22 to see what city made it to the top of the list.

Updated Slides and Notes Now Available

1. **The 800#** will be transferred per AT&T instructions to institutions with state liaisons. This will avoid the issue of the 800# calls being sent to a number/voicemail that is not being monitored. The progression of where the 800# is transferred to is:

- - Utah (AD) to Missouri (Missouri Liaison) 573 884-5042
 - to Kansas (Kansas Liaison) 913-588-7307
 - to Nebraska (Nebraska Liaison) 402-559-7076
 - to Colorado (Colorado Liaison) 303 724 2110
 - to Wyoming (Wyoming Liaison) 307.766.6537
